

## Woolverstone News

May 27<sup>th</sup> 2018

*Dear All*

*This has been a month full of variety. We have had bitter cold and record heat! Never has a truer word been written than in the old adage: "Ne'er cast a clout 'til May be out" as we wrapped our winter coats around us in the evenings!*

*But the May blossom has been spectacular along the hedges; in some places even looking like cascading snow. In Woolverstone Marina there are two trees side by side; one pink blossom the other white. On the footpath down through the woods there is an ancient hawthorn, probably as old as the great gnarled oak only a few paces away. The evening sun shines through on the white of the blossom making it unbelievably bright. It made me think of the line of the nursery rhyme: "Here we go gathering nuts in May" which should really read as "knots of May" and the collection of the pure white flowers to use in May Day celebrations. And they would have probably been flowering on May Day if the change brought about by the adoption of the Gregorian calendar had not taken place in 1752.*

*This beautiful floral show was a little late this year - like our House Martins. These usually arrive around the 5<sup>th</sup> May. By the 10<sup>th</sup> May I was getting worried that they had got caught in a sandstorm somewhere across the Sahara and we would never see them. Then at 9.30 pm on Friday 18<sup>th</sup> there was a frenzy of excited chattering under the roof. The House Martins had arrived. Summer has started.*

## **Walled Garden**

A planning application to build a 3 bedroom, single-storey dwelling within the Walled Garden was approved by BDC Planning Committee. However, this comes with stringent conditions attached through a new 106 agreement and which also only allows the developer an opportunity to build one or other of the two dwellings he has permission for. One of the conditions ties the developer down to selling only one property before he sells the dwelling responsible for the Walled Garden and associated structures. Another condition allows for public access on one day a year to view the listed property. If this safeguards the future of the Walled Garden itself, this is to be welcomed.

## **Local History**

Did you know that the London Nautical School was based at Woolverstone Hall from 1947 to 1952? Until recently, the colours from LNS were laid to rest at St Michael's Church on July 15<sup>th</sup> 1951 when LCC took over the Hall for an *educational experiment*. We are told that the "colour" flag is currently with the Diocese of St Edmundsbury having its condition assessed following substantial deterioration. We hope it can be saved as it is part of Woolverstone's heritage and I look forward to receiving some feedback on progress. Recently, I received an account from an old boy from LNS of his time at Woolverstone Alan Rawlinson. It's a fascinating window into this period of the Hall's history. Want to find out more?

This is one of the entries on our new Facebook page: Woolverstone: Notes and Queries. Here's the link:

<https://www.facebook.com/groups/2044317292447243/>

Please take a look at the site. It would be of huge interest if we gathered history of the older houses in the village and the memories of villagers of Woolverstone in the past before they are lost to us. Please join the group and feel free to add information and photographs about our historic village. Or, indeed, ask questions!

## **Shotley Peninsula Guide**

A new guide to the Shotley Peninsula has been produced by Babergh District Council. You can get one at local Tourist information offices or see it online:

**Joanna Eden Jazz and Picnics on a Summer Evening**

### *“The Great Divas’ Show”*

Friends of Woolverstone are hosting a concert by the talented jazz singer Joanna Eden. It is a wonderful opportunity to listen to a singer who sells out at Ronnie Scott's Jazz club! Joanna was mentor to Sam Smith, too. Eden has four albums to her name and has supported Jamie Cullum, the Buena Vista Social Club and Ronan Keating. Joanna has the natural grasp of jazz phraseology that many vocalists miss and, together with a strong, warm, expressive voice and she knows how to put them over. Her voice has a natural warmth and intensity. In between songs Joanna provides interesting and humorous anecdotes. She has recently been a judge on the BBC show All Together Now. A night not to miss! Why not combine the evening with a picnic with friends in the beautiful grounds of Woolverstone Hall?

If you would like to hear her sound there are a couple of links on her website:

## **Broadband**

There is still a huge disparity between broadband speeds available within the village. Some people are able to access fast fibre; others are not so lucky. Paul Rogers has been searching for a better access as his is disappointingly slow.

An Openreach engineer seemed surprised that we were not all upgraded when the cabinet was - his thought is those of us on 'EO Lines' (that do not go via the new fibre cabinet) could be upgraded without huge effort.

Paul asked how much it would cost if he paid for it and the engineer pointed him towards the community fibre partnership (<https://communityfibre.openreach.co.uk/>). The idea is to bring together communities, Openreach and any Government grants to fund the project. Given the original roll-out plan appears to be stalled (awaiting funding?) Paul would be keen to go ahead and at least find out how much each property would be expected to pay using this community scheme.

He has registered his property and just needs a list of addresses/landlines for anyone else who is interested. At this stage there is no commitment - just registering an interest with the Openreach scheme to understand potential costs.

Paul is happy to organise this. He would need help obtaining a list of interested properties (address and landline) but happy to then enter everything onto the portal and manage the process.

If you are unhappy with your broadband speed and would like to explore alternative possibilities, please make contact with Paul; [paul\\_martin\\_rogers@hotmail.com](mailto:paul_martin_rogers@hotmail.com)

## **A word from our Rector, Geoffrey Clement**

Dear Friends

A few years ago at the Edinburgh festival Tim Vine was voted as having the best joke: Murder in a multi-storey car park – that's wrong on so many levels! Well, I thought it was funny and I suppose humour can be a matter of taste.

Laughing is considered to be very good for you, dare I say it: on every level. Trouble is, for most people religion and humour or laughter don't really go together. People still have this image that religion is something practiced by humourless stony-faced people who are in a permanent state of seriousness. Hopefully that is not the reality for most Christians or those of other faiths either. Jesus certainly had a sense of humour and we find him having his own little jokes with the disciples. Mostly we find Jesus making jokes that play on words or highlight the attitudes of those who think too highly of themselves.

Jesus once said that he came that we might have life in abundance. That was not a joke, he was saying that to know and be known by God can bring fullness of life and all that fullness can mean; enjoyment, fun, laughter, inner peace, in fact all that the Hebrew word Shalom sums up.

It is my hope and prayer that in the coming summer months you might find that spark in life that brings fullness and abundance.

I remain

Your Friend and Rector

Geoffrey

## **Helping our Community**

Our community is stretched out in a ribbon or linear settlement, mostly along the B1456. People at No 1 are over a mile away from people at No 38. It is hard to stay connected. One of the ways to keep connected is through supporting local events, meeting and catching up with people. I hope you will be able to support the village through the different events that have been organised. We also need your help for some of the jobs that keep the community ticking away
